

1:14 Alu Servohalterung f r Schaltservo

Artikelnummer: 300056531

1:14 Alu Servohalterung f r Schaltservo

Hersteller: Dickie - Carson/Tamiya

This newly-designed aluminum shift servo mount has a stronger connection to the servo compared to the stock plastic part, allowing all of the servo's power to be transmitted to smoother gear changes. It also facilitates adjustment of the servo attachment position. For a cool look, it has an anodized gun metal color finish.

Suitable for:

56305 Mercedes-Benz 1838LS

56307 Mercedes Benz 1850L

56312 Volvo Globetrotter

56318 Scania R470
