

## E-flite 1s Hochstrom Micro Akku Adapter Kabel

Artikelnummer: EFLA7002UM

E-flite 1s Hochstrom Micro Akku Adapter Kabel

Hersteller: Horizon

E-flite 1s Hochstrom Micro Akku Adapter Kabel

Product Description

Overview

This is an adapter charge lead for the battery that comes with the mCP X, EFLB2001S25. This battery comes with a larger connector than the standard 1-cell ultra micro Li-Po batteries. This adapter lead is used to adapt the larger high-current connector to the standard ultra micro connector which then allows the mCP X battery to be charged with chargers designed for the more common ultra micro batteries.
